

REVOLUTION IS MASKED YANKEE WAR, HE SAYS

Provisional President of Mexico Says that He Will Fight to the Last for the Independence of His Country—Declares "The Lion Will Have a Hard Time Eating Us."

LONDON, May 12.—Luis Barral, the Italian correspondent of the Daily Telegraph, cables from Mexico City the substance of an interview which he had with President Huerta, in which the latter declared that he was determined to fight to the last for the independence of Mexico.

President Huerta said that his government might be pulverized, but he must resist American imposition and everything which might be derogatory to the rights of Mexico.

"We are in the lion's mouth," President Huerta is quoted as saying, "but the lion will find it difficult to eat us. Huerta went on to say that anyway he would fight for the rights of Mexico, and even if he was not successful such a fight would have its uses. If he yielded, he said, he would be preserved. In conclusion, President Huerta said:

"I instructed the Mexican delegates to the mediation conference at Niagara Falls, Canada, to oppose decisively any American demands which would lower our national dignity. I stand at my post awaiting events, with a calm confidence, confident of the ultimate triumph of right."

DEMANDING WORK UNEMPLOYED ONCE MORE FORM LEAGUE

I. W. W. Head Body Asking City, Governments and Railways Take on More Men

WANT TWO SIX HOUR SHIFTS CIVIC WORK

Unanimous in Desire to Organize—Parade Principal Streets and Will Continue

There is considerable buzz and stir around the I. W. W. hall these days. Over 200 unemployed organized themselves into an "unemployed league" yesterday afternoon, this being followed by a monster parade in which fully 400 took part. Throughout the procession were banners bearing various mottoes such as "Work, Starve or Steel," "We Want Work," "This Is May in Sunny Alberta," etc.

Contrary to expectations there was no trouble or rowdiness connected with it. There was an impressive parade and the police would stop the parade and this attracted quite a large crowd who followed the procession around, expecting every minute that the police would appear and take a hand in the proceedings.

The instigator of the organization was said to be James Rowan, secretary of the I. W. W. who put it up to the men who followed the parade yesterday. When a vote was taken as to whether or not they would organize, every man responded in the affirmative. The leader stated that it would be advisable to appoint a duplicate committee, so that if as he himself stated it, "one set of officers got pinched, the others will be ready to continue the work." The object of the organization was then outlined and it was decided that a committee wait on the council and ask that all city employees work in two six-hour shifts, the idea being that in two shifts it would be possible to give employment to more men.

Another thing on the side of the organization is the fact that the Edmonton Industrial association is trying to hunt Edmonton, the leader stating that the way they were hunting the city and especially when on the eastern trip would only bring more workers to Edmonton and he estimated that there were almost 10,000 out of work at the present time.

Never at any time during the past winter has the I. W. W. been more crowded than it was yesterday. The morning about 300 foreigners walked in mass and started to agitate among themselves. Many of these men are said to be without means of any kind and are at the present time ripe for almost anything.

Several of the speakers stated yesterday that the city could give the men work if it wanted to, also the governments and railways.

At the meeting tonight it is also proposed to hold a parade, a resolution making the city council to urge upon the Dominion government the necessity of restricting immigration and to establish throughout the Dominion a system of free employment bureau.

A special invitation is extended to all who are interested in the social welfare of the city. The meeting will be held in the Industrial committee room, 519 Civic block, commencing at eight o'clock.

Section Foreman Killed. Calgary, May 12.—P. Morley, a section foreman of the Canadian Pacific branch of the I. W. W., was run down and killed near Lac Beauport.

HER LITTLE SON WAS DYING

Gave Him "Fruit-Lives" And Saved His Life.

CAMPBELLVILLE, ONT., May 11th, 1913. "Our little boy, Lawrence, was sorely affected with Chronic Indigestion, and the doctor did not think he would recover. He started with a sore stomach and it developed into this trouble. Everything he ate just passed right through the system without change. He cried incessantly and life was a misery to him. My husband had been using 'Fruit-Lives' for Indigestion, getting much benefit from them, and I thought what did him good, might help our boy. We tried 'Fruit-Lives' giving Lawrence 1/2 a tablet a dose, and the result was marvellous. Today, he is the picture of health, and he is perfectly well."

Box 6, for \$2.50, trial size, 25c. At all dealers or from Fruit-Lives Limited, Ottawa.

REIMBURSEMENT OF DEPOSITORS FARMERS' BANK

Demand is Made that Similar Treatment be Extended to Losers in Other Banks

CONSERVATIVE MEMBER OPPOSES GOVERNMENT

Cold Storage Measure is Disliked—Not so Good as Geo. Bradbury's Bill

Ottawa, May 12.—Meeting morning, afternoon and evening sessions yesterday succeeded in doing the biggest day's work of the session. There was a good attendance of members including two who have been absent for some time. Those were Hon. T. W. Crothers, who is just recovering from a serious illness and William Martin of Regina, who made his first appearance this session and whose absence has also been due to ill health. Many bills were discussed during the day, including the amendments to the Dominion Lands Act. When this was considered, Hon. Roche announced that he had given favorable consideration to the request made by Mr. Bradbury, M. P. E. Knowles, Hon. Frank Oliver and other western members that the payment of interest on the Dominion Lands Act be extended to the purchase of pre-emptions. It had been decided he said, to collect interest only on the pre-emptions.

Farmers' Bank. When the resolution providing for the reimbursement to the depositors in the Farmers' Bank of Montreal, was brought up, Hon. J. H. Ross, M. P. E. announced that the reason this action was taken was because there had been a failure in the bank.

LARGE CONSUMER MUST PAY HIGHER RATES FOR WATER

Operation Committee to Recommend Council Equalize Charges More to Users

NOW PROPOSE SLIDING SCALE 13 TO 21 CENTS

Up-to-date Small Patrons Keeping Difficult Down to Low Figures

The council committee of operation met yesterday afternoon at 2.30 to go into the question of the schedule of water rates.

Up to the present time the small consumer has been paying about one cent and the large consumers, like the railway companies, hotels, etc., below cost. Commissioner Chalmers and Superintendent Turner of the waterworks department were present at the meeting. Superintendent Turner submitted a proposal for the changing of the rates by a sliding scale system ranging from 25 cents down to 10 cents as a minimum, the rate to be charged according to the amount of water used by the consumer.

Commissioner Chalmers stated that it had been shown by cost testing that the cost of producing 100 cubic feet of water was within a fraction of one cent. At the present time the Canadian Pacific railway has an agreement with the city to purchase water on the south side at four and one-eighth cents per 100 feet. The city lost \$1,750 on this one consumer alone last year. If the Canadian Pacific paid the city for the water on the north side it pays 6 1/2 cents.

At the present time the city is about one-third metered and Superintendent Turner stated yesterday that if these meters were taken out the city would be able to enlarge the power plant to cope with the increase of water consumption by people wasting the water.

To the present time, stated the superintendent of the waterworks department, two-thirds of the water metered has sold at less than cost. During the last year the city lost \$1,716 by selling below cost, and in the last two years the waterworks department has lost \$2,500. The only one-third of the total cost of the water, that is, the tenant or household.

Albertain Clarke was of the opinion that the large consumer should pay a profit to the city and not leave the whole burden of keeping the waterworks department with a small deficit on the large consumer.

There has been a deficit in the waterworks department of approximately \$100,000 up to date, which has been due to the selling of water below cost. Commissioner Chalmers stated that it was possible to increase the rate of the Clark's suggestion, providing the council acquiesce in the large consumer paying for the city and not leave the whole burden of keeping the waterworks department with a small deficit on the large consumer.

Upon the motion of Mayor McNamara and Alderman Clark it was decided to recommend to the council that the rates for water range from 13 cents to 21 cents, instead of 10 cents to 25 cents as suggested by the waterworks superintendent. A report will be brought down to council this evening providing the commissioner of operation and waterworks superintendent has time to revise the proposed schedule.

A table is given below showing the large consumers who received water from the city last year from six to eight cents per 100 cubic feet. The total amount of cubic feet used, with the loss to the department, is also given.

Amount Lost to water used by large consumers.

Consumer. Amount. Loss to water used by large consumers.

IN THE SPRING YOU NEED MEDICINE

Your close confinement indoors and heavy diet during the winter, and the torpid condition of your system brought about by cold weather, have made your blood impure and weak, so that now eruptions appear on your face and body, your lack of vitality, freshness and animation, your appetite is poor, you have that tired feeling. Ask your druggist for Hood's Sarsaparilla. It makes the rich red blood that you must have to feel well, look well, eat well and sleep well. Get it today.

WARNS SUBJECTS TO HEAVE MEXICO, MANY ARE HEEDING

British Legation Sends Notification by Couriers Advising Immediate Departure

SILLIMAN'S RELEASE IS FLATLY DEMANDED

Bryan Does Not Say What May Happen if Vice-Consul Kept.

Washington, May 12.—Senior Oliver, the Brazilian minister in Mexico City informed the state department today that the Mexican government has ordered the immediate release of Vice-Consul John Silliman held a prisoner at Saltillo. The minister added that as soon as Mr. Silliman, reached Mexico City he would obtain for him safe conduct to Vera Cruz.

Yera Cruz, May 12.—The British legation has sent out another notification to all British subjects in Mexico urging the advisability of their leaving the country immediately. Many of the British residents are heeding the warning which is being spread through the interior by couriers.

From Mexico City comes late reports of quiet business conditions, but the British minister in Mexico City, Lord Duff, an attaché of the American embassy, who had taken refuge there, he delivered over. Threats were made to kill him. The Brazilian minister notified the state department and added that he would only surrender if he was overpowered by a mob. The anti-panic of the attaché is due to the fact that he reported the South American minister of the capital and because of his activity in relieving the distress of American non-combatants.

Washington, May 12.—While peace negotiations marked time, pending the arrival of the American minister in Mexico and the Mexican representatives, Secretary Bryan held a conference at the Argentine legation this afternoon discussing the continued detention of John R. Silliman, American vice-consul at Saltillo, by Mexican federalists, the reported seizure of Lobos Island, with its light house, by American torpedo boats and the case of the five South American sailors arrested at Vera Cruz for firing upon U. S. sailors and marines.

Mr. Bryan insisted that the release of Silliman must be brought about at once. When asked about the matter later he would not say what would happen if the vice-consul were kept in prison, but he was gravely explicit in announcing the government's determination to have him freed.

The official news of the landing of American sailors on Lobos Island reached the navy department late last night. The United States Navy called the Mexican keepers desecrated the great light house on the island and that the United States Navy was "maintaining it for the benefit of navigation."

Your Hair Madam! Who Cares for It?

"WHY," YOU SAY, "MY MAID SERVANT or MYSELF." Certainly, Certainly!—But then "My Lady," there are those ultra-precise occasions—You know, little dashing Functions, here or there,—for which you always feel, as does any Gentlewoman, that your Coiffure must be even overdone in its artful and artistic appeal.

SEEKING THEN THAT ALL THAT IS GALLANT and masculine in the world, lauds the grace of the feminine's head-dress as her chiefest glory, none but the most modish Coiffeuses are welcome to fix your hair.

FOR YOUR HEAD'S LOVELINESS HAVE HUDSON'S HAY fashionable Hair-Dressing Parlors been opened. Here fingers of Artists weave and braid and intertwine,—curl and plat and festoon the delicate strands, portraying all the luxury of beautiful womanly hair.

HERE YOU WILL FIND AMID ENVIRONMENT GENTLE, and scrupulously wholesome, those delectable little requisites which contribute toward the finished elegance of the Coiffure. We enjoy solving your little perplexities in this relation. Ask us today.

Shoo Fly!—Quick For Screen Doors Wednesday!

THE WHEELING DRONE OF HIS Unlovely Majesty the germ-laden fly calls us all,—householders, keepers of stores, "Mine Host" of the Inn,—to the safeguarding of our abodes for ourselves and those who call us "friend."

Absent Treatment for Pesteering Flies! That's What!

And really the only "ounce of prevention" that has saving virtue is the screen door and window. You can't snub a fly—you can't Oseleize flies as a race—but you can ostracise the tormentors from your Society with one of these upstanding screen doors.

Special Priced Wednesday Morning! Read:

Rigid screen doors that will be fit for duty two seasons any way,—built like a frame house, strong as wood and dowels can make them. They are double braced.

A Substantial Door!

That will prove as effective as much higher priced ones and yet is the lowest possible cost for persons who have many doors to fit, just at this time. 6x6x2 ft. 6. Regularly \$1.75, Wednesday morning, 8:30 to 10 A.M., each **\$1.29**

Screen Doors double braced and corner secured fastened, 6x6x2 ft. 6ins; 6x8x2 ft. 6ins; 6x10x2 ft. 10ins. Regularly \$2.00, Wednesday morning 8:30 to 10, each **\$1.69**

Other Screen Doors with paneled bottom and double braces, full range of sizes. Regularly \$2.50. Wednesday 8:30 to 10 A.M., each **\$2.37**

—FLOOR THREE

A Considerable Cavity With a Purpose

IT BEHOOVES YOU TO SEE THE PANAMA Exposition now in full splendor in this Store. If you missed it today, then, tomorrow will do, quite as well,—quite as well,—but see it!—It's a Wonder with a capital letter!

DOWN SOUTH THE LONG-HEADED MEN OF Science have been operating on Dad Earth's face,—been using huge steam shovels to pull out enormous teeth in the way of rocks, etcetera, from the mouths of two oceans, and now they twain high kiss.

AN ELABORATE AFFAIR UNQUESTIONABLY! This fracas Dad had with the Mechanical Dentists has set tongues wagging world-wide! The work was crowned with success. A realistic impression of it all is yours for a trip to the Third Floor, where a 36 foot canal model is operating to the accompaniment of the exhibitor's lecture.

PLEASE POSSESS YOURSELF WITH PATIENCE IF FELLOW CITIZENS ARE THERE BEFORE YOU!

Goodness!—An Avalanche of Groceries Order Early!

DID YOU EVER SEE SUCH A stressful week in the Special Sale of "Quality First" Groceries? Not only in person but by Phone and Mail too, hundreds and hundreds of our Customers are rushing "hurry-up" orders! Then too, scores who are making discoveries are daily entering their names on our swelling list of service-satisfied and value-surprised Patrons!

Wednesday Savings, Exceptional!

Still about 100 Plum Puddings left which we must clear!

Sherwood's 4 lb. Special, each **29c**
Sherwood's 2 lb. Special, each **56c**
Sherwood's 3 lb. Special, each **75c**

200 packets of Mixed Peel (mixed) per packet **15c**

Crystal Coffee, Regularly 40c. Special, per lb. **25c**

Taylor's Celery Relish, Regularly 30c. Special, per bottle **24c**

A1 Sauce, Special, per bottle **19c**

B. & K. Cream of Oats, Regularly 10c. Special, per pkt. **8c**

Sunlight Matches, Regularly 10c. Special, 6 packets **25c**

Paulin Chambers Soda Biscuits Regularly 35c. Special per pkt. **29c**

Extra Fine French Peas, per tin, **25c** per dozen **\$2.65**

THE COSTLY LESSON OF

THE STREET RAILWAY DEFICIT.

Whether the application of the straight five cent fare, which now seems certain of adoption, will help out the finances of the street railway is something which remains to be determined by absolute proof as shown in the receipts. Almost certainly there will be some falling off of traffic, but to what extent cannot be learned except by experience. The lifting of the burden of the cost of putting from the street railway, however, is a move which there can be no doubt, as to the effect, the saving to the street railway being close to one thousand dollars a month. Added to this, there has been in the past two years a very large cut in the cost to the street railway of the power used. In 1911 the charge to the street railway was at the rate of 2.51 cents per kilowatt for alternating current, measured out at the power-house. Now it is 2 cents for direct current, a large part of which is measured at the sub-station after it has been transmitted up town. For the current which is now being used the street railway, under the present charge and system of measurement, pays approximately six thousand dollars a month less than it would have been paying were the 1911 charges still in vogue. This is some reduction, and, with the economies at present being effected at the power-house, there will undoubtedly be further reductions in the near future.

With all these changes in favor of the street railway enterprise, the management hope to be able to overtake the handicap which was placed upon the system by the ill-advised extensions compelled under the amalgamation agreement and others jockeyed past the council and ratepayers by astute realty interests. Meantime, patrons of the system, when they place their metallic contribution in the box and excrete the inadequate service, will at least have the consolation of knowing that they have learned something by experience—that is, to watch their interests in the street railway when extensions are proposed across the bald prairie.

A LAW TO ABOLISH

THE TIPPING EVIL.

Senator Tom Davis, of Prince Albert, is pushing a bill in the dominion house which should receive the moral support of every citizen of this country, where the idea of social equality is supposed to be taught. It is a bill which proposes to make tipping an offense against the law and to place a penalty up to \$200 against the giver, the receiver and the employer.

The tipping evil, founded upon petty graft, is a source of large profit to railways, steam boat companies, sleeping car companies, hotels and many other similar institutions in the respect that it makes the public pay a large part of the wages. The receiver of a tip is degraded. The giver, by his action, is a social disgrace. The spender, by tipping lavishly, monopolizes the attentions of servants, become obsequious through the tipping habit and the men of moderate means, with a proper sense of money values and decency, suffers in consequence.

The tipping evil has nothing to recommend it. It is morally wrong. If Senator Davis can frame a law which will make it legally wrong and thereby compel its abolition he will have accomplished something for the moral uplift of his country.

FROM WHENCE COMES

U. S. CLAMOR FOR WAR.

Marion Letcher, United States consul at Chihuahua, estimates the United States owned property in Mexico at \$1,057,770,000, the Mexican owned at \$793,187,242, and the British owned at \$321,303,800.

A glance at these figures shows the reason for a great deal of the agitation in the United States for a war of conquest in Mexico. Of this enormous wealth in the hands of United States interests a very large proportion is in mines, smelters and oil. Guggenheims, of New York, are the largest owners of mines and smelters. Rockefeller, the Waters-Pierce Oil Co., Hearst and the California crowd, with whom Hearst is associated, are the largest owners of oil. Hearst and the Rockefeller papers are the loudest in the clamor for war. The conquest of Mexico by United States would double and redouble the value of the holdings of these people in Mexico. Fortunately, the present United States government received election without their support and in spite of their hostility. Had the present unpleasantness in Mexico come during the incumbency of Taft there is no doubt that the United States would long since have become involved in a war which would have taken years to finish, at a terrible cost of life and treasure.

A JUNIOR PARTNER

WITH NO VOICE.

As the Canadian Northern proposals are being brought into the dominion house, there is no assurance that the forty-five millions which are to be guaranteed will be devoted entirely and exclusively to the construction of the railway. It is the very commonest assertion where railway matters are discussed among contractors and builders that hundreds of miles of the main line have been built for less money than the actual guarantees. The road to the Pacific Coast through British Columbia is already guaranteed by McBride for \$45,000 a mile. On top of this comes whatever proportion of the dominion guarantee is applicable to that mileage. If MacKenzie and Mann are to complete this portion of the line and accept in payment therefore the amount represented by the bonds guaranteed by both governments, there is nothing in the agreement to prevent them thereby accepting a contract from themselves to themselves at a price which is out of all proportion to the actual cost. The government then serves no supervisory rights. Canada is a junior partner, with one member on the board of directors.

A SURPRISE FOR

ROCKEFELLER, JR.

The Wilson administration at Washington has a knack of doing things in a way that goes to the source of the trouble without any digression. Take the latest developments in the Colorado war, for instance. The war department has suspended the liquor traffic until the trouble is over, has set a date upon which all arms must be surrendered, by miners and guards alike, and under the president's personal order, has issued instructions that no strike-breakers shall be brought into the district.

The order will probably come as a surprise to Rockefeller, Jr. Hereafter the practice has been to call in the troops to assist in guards and state militia when their services were necessary to establish martial law while strike-breakers were being imported to break the backbone of the labor organizations. When the interests come to understand that they have no proprietary rights over the military, to use when they choose as they choose, there will be fewer labor wars. As an indication that the president believes permanent peace possible only where based on equity, the order is complete.

ANOTHER AUTHORITY UPON

THE STOCK YARDS QUESTION.

Another authority upon the question of stock yards has spoken, the representative of the P. Burns company, the pioneer packing house of the west. His statement in every respect corroborates the statements of the representatives of other packing houses who have already spoken, all of whom agree that the proper location for the stock yards is not a mile or more out of the city, where the cost of getting the utilities there would be much greater than the first cost of the land, but right alongside the present packing houses, on some site to which the utilities are already accessible and where the companies with plants already established can deal.

Norfolk, Va., May 12.—Seven persons were killed in an explosion in the engine room of the old Dominion S. Jefferson, near Cape Henry last night. Several were injured. The ship returned to port with the dead and injured, and then resumed her intended trip to New York.

The dead were members of the persons engine room crew.

Foresters' Meeting

Court Northern Light, Canadian Harbor, May 12.—The annual meeting of Foresters will meet tomorrow evening at eight o'clock in the U. S. Hotel, under the auspices of the U. S. Foresters, as well as members are invited to attend.

Theatres and Picture Shows

EXCELLENT BILL AT FANTASIES FOR ANNIVERSARY WEEK

To lovers of good vocal music an opportunity is afforded at the Fantasies this week of hearing a more than usual amount of splendid vocal solo harmony. Every number but one, features singing of high order and the entire bill is among the best ever presented at the local playhouse. A more suitable program could not have been selected by the management to appear here during this, the anniversary week of Fantasies opening.

It would be difficult to select any one number and place it above the rest. They're all headliners and as such will be appreciated by all who see them. One of the big numbers is "The Little of a Totem," a drama relating to life in Alaska in the earlier days. Seven men and one woman appear in the piece and compose a most capable chorus when it comes to pleasing vocal harmony. The girl possesses a sweet soprano voice which blends perfectly with the male sextette, and as a chorus they have mastered the art of delicate blending tones. The rendition of "Fraternalism" was especially fine. Unusually realistic scenery adds much to the setting of the story of "Fraternalism."

To the Orpheus Comedy Four, a male quartette, must go the prize for the silliest "milkshakes" yet seen on local stage. To describe them in better than the power of cold blood type, but they can sing and in the singing they offer songs, duets and quartettes that are a pleasure to listen to, and one of which we hear two on the vaudeville stage.

Harry Johnson, an operative black face comedian is one of the best in that line seen for some time and has a voice, both baritone and soprano, that carries his songs well. He is funny and has many little tricks, twists and quips that make people laugh and sing. Another musical and dancing number of high order is that presented by the Harry troupe of Russian dancers and singers. Their act is different from others of similar name seen here, and under sections as a stringed instrument orchestra, that is a welcome change from the rattle-trap kind so often heard. Their costumes are unique and their dancing ability is excellent.

An act of unusual merit is that of the Wonders posing dogs. Four beautiful white dogs and a pretty girl are the basis of a novel entertaining feature. Set in behind intelligent dog frames, as in a picture, the girl and her subjects pose in a dozen different subjects, each in turn, both clever and artistic. The act shows the work of long and careful training and should be heard carefully and with interest.

Another musical and dancing number of high order is that presented by the Harry troupe of Russian dancers and singers. Their act is different from others of similar name seen here, and under sections as a stringed instrument orchestra, that is a welcome change from the rattle-trap kind so often heard. Their costumes are unique and their dancing ability is excellent.

There are five other acts on the Orpheus bill this week of another motion picture of the world's news, which was not given yesterday, although on the program.

Homer Myles and company present a playlet, the scene of which is the roof of an apartment building in New York city, entitled "On the Edge of Things." The janitor of the building is the hero and the little story, the scenery and the actors are worth going to see.

In "Pickings from song and dance land," Harry Brown and his company give an offer of some of the prettiest, clever and dandiest songs seen here for some time. The songs are well sung and they render their songs in a way that would take the edge off the growth of even a dyed-in-the-wool musical comedy and even grand opera, may become commonplace on the high seas.

It is the dream of Frank Allen, the director of the London Hippodrome, materialize. Allen has just finished converting the Georgian hall on the deck of the Aquitania into a theater to accommodate 1,500.

REGULAR VAUDEVILLE CIRCUIT PROPOSED FOR OCEAN STEAMERS

London, May 12.—The announcement that Cyril Maude, Viscount Grey, George Holroyd, Barclay Cammell had others are going to be seen in a special performance aboard the giant Cunard liner, Aquitania, on May 23, the night before she starts on her maiden voyage, has disclosed ambitious plans of linking up the ocean into a world-wide vaudeville circuit. Not only vaudeville, but musical comedy and even grand opera, may become commonplace on the high seas.

It is the dream of Frank Allen, the director of the London Hippodrome, materialize. Allen has just finished converting the Georgian hall on the deck of the Aquitania into a theater to accommodate 1,500.

TWO WONDERFUL ACTS HEAD ORPHEUM BILL AT EMPIRE THEATER

One of the things which makes vaudeville so uncommon, so different and, therefore, so popular, particularly Orpheum vaudeville, is the fact that the Empire theater is presented at the Empire theater in the first half of this week.

This extraordinary caligraphic exhibition by Tameo Kajiyama, one of the "little known ones," the people of the occult began to hear about at the time of the Russo-Japanese war. They were heard of from military and naval standpoints then, have been heard of in various other ways since, and Kajiyama demonstrates once again the highly efficient hand of the people of the Atlantic island have become under a short term of conditions such as western nations have experienced for a much longer period.

Kajiyama would do for a handwriting instructor at almost any business college, even if ordinary writing were all he paid his attention to. But he seems to be able to write upside down, backward and almost any conceivable way as easily as most people write forward.

He also writes with both hands at the same time, either the same letters or words different, as well as draws simultaneously with both hands. He concludes his act, which is highly interesting from scientific of psychological points of view, with "complicated" writing, by writing any two, three, four, five or six words, each with the same number of words, in one continuous stroke on one right side up and forward and the next upside down and backward, the letters of the words being the same as the same. Kajiyama's remarkable demonstration would be a perfect example of the power of the human brain works in two entirely different sections, or halves, one of which is the right side, and that each, when properly developed and used, is capable of independent action and thought.

Another feature of contention, instead of merely watching a performance. There is a delightful plot in it, well staged, there being convenient equipment and no time lost.

The other act of the double handed man, which is the same as the same. It is that of Romeo the Great, a trained chimpanzee, and, like the other, tends to prove a contented scientific doctrine, this time the famous Darwinian theory of the evolution of species.

Romeo does pretty nearly everything the ordinary man does, and a few things, such as doing tricks on a bicycle and roller skating, which most men do not. He also apparently takes an intelligent interest in the things around him, including the audience, and seems to laugh like a human being. Whether his brains are actually developed along the same lines as those of man or not, as claimed, it is certain that Romeo is a wonderful product of animal training.

There are five other acts on the Orpheum bill this week of another motion picture of the world's news, which was not given yesterday, although on the program.

Homer Myles and company present a playlet, the scene of which is the roof of an apartment building in New York city, entitled "On the Edge of Things." The janitor of the building is the hero and the little story, the scenery and the actors are worth going to see.

In "Pickings from song and dance land," Harry Brown and his company give an offer of some of the prettiest, clever and dandiest songs seen here for some time. He also writes with both hands at the same time, either the same letters or words different, as well as draws simultaneously with both hands. He concludes his act, which is highly interesting from scientific of psychological points of view, with "complicated" writing, by writing any two, three, four, five or six words, each with the same number of words, in one continuous stroke on one right side up and forward and the next upside down and backward, the letters of the words being the same as the same. Kajiyama's remarkable demonstration would be a perfect example of the power of the human brain works in two entirely different sections, or halves, one of which is the right side, and that each, when properly developed and used, is capable of independent action and thought.

Another feature of contention, instead of merely watching a performance. There is a delightful plot in it, well staged, there being convenient equipment and no time lost.

The other act of the double handed man, which is the same as the same. It is that of Romeo the Great, a trained chimpanzee, and, like the other, tends to prove a contented scientific doctrine, this time the famous Darwinian theory of the evolution of species.

Romeo does pretty nearly everything the ordinary man does, and a few things, such as doing tricks on a bicycle and roller skating, which most men do not. He also apparently takes an intelligent interest in the things around him, including the audience, and seems to laugh like a human being. Whether his brains are actually developed along the same lines as those of man or not, as claimed, it is certain that Romeo is a wonderful product of animal training.

There are five other acts on the Orpheum bill this week of another motion picture of the world's news, which was not given yesterday, although on the program.

Homer Myles and company present a playlet, the scene of which is the roof of an apartment building in New York city, entitled "On the Edge of Things." The janitor of the building is the hero and the little story, the scenery and the actors are worth going to see.

In "Pickings from song and dance land," Harry Brown and his company give an offer of some of the prettiest, clever and dandiest songs seen here for some time. The songs are well sung and they render their songs in a way that would take the edge off the growth of even a dyed-in-the-wool musical comedy and even grand opera, may become commonplace on the high seas.

One of the things which makes vaudeville so uncommon, so different and, therefore, so popular, particularly Orpheum vaudeville, is the fact that the Empire theater is presented at the Empire theater in the first half of this week.

This extraordinary caligraphic exhibition by Tameo Kajiyama, one of the "little known ones," the people of the occult began to hear about at the time of the Russo-Japanese war. They were heard of from military and naval standpoints then, have been heard of in various other ways since, and Kajiyama demonstrates once again the highly efficient hand of the people of the Atlantic island have become under a short term of conditions such as western nations have experienced for a much longer period.

Kajiyama would do for a handwriting instructor at almost any business college, even if ordinary writing were all he paid his attention to. But he seems to be able to write upside down, backward and almost any conceivable way as easily as most people write forward.

He also writes with both hands at the same time, either the same letters or words different, as well as draws simultaneously with both hands. He concludes his act, which is highly interesting from scientific of psychological points of view, with "complicated" writing, by writing any two, three, four, five or six words, each with the same number of words, in one continuous stroke on one right side up and forward and the next upside down and backward, the letters of the words being the same as the same. Kajiyama's remarkable demonstration would be a perfect example of the power of the human brain works in two entirely different sections, or halves, one of which is the right side, and that each, when properly developed and used, is capable of independent action and thought.

MARY PICKFORD AT MONARCH IN "A GOOD LITTLE DEVIL"

This famous motion picture play will be seen at the Monarch theater Wednesday and Thursday in "A Good Little Devil." Those who were fortunate enough to see this play when she was appearing in New York in the ultimate stage, will recall that about the only defect to that delightful production in New York was the inability on the part of those responsible to make the fairies appear anything like what our popular conception of them has been. The "A Good Little Devil" has now gone back to her former scene of triumphs and has been appearing in New York at the Monarch tomorrow the difficulty about the fairies will have been eliminated, for in just the same manner as scenic effects are attained in the motion pictures that are impossible on the stage, so will real, honest-to-goodness fairies be seen in "A Good Little Devil."

Nearly everyone is speaking of what a fine film it is and many will avail themselves of a second opportunity to see it again. The first evening performance will commence at 7:30. For Tuesday and Saturday the Monarch will offer "The Burning Train," a two-part sensation feature.

EMPLOYERS ORDER BUILDING LOCKOUT IN SAN FRANCISCO

San Francisco, May 12.—A general lockout in the building trades in San Francisco was ordered yesterday by the Building Trades Employers' association. This action was caused by the refusal of union workers to call off a strike for higher wages current for a month. About 25,000 men are affected.

SCENE FROM "A GOOD LITTLE DEVIL"

Presenting Mary Pickford at the Monarch tomorrow and Thursday.

Songs, accompanied by F. Wilber Hill, Barrows and Moll show what physical culture will do for the human body by some unusual feats of strength, such as holding a man up on the out-stretched arms.

ENTRANCING PLAY OF THE TURF PRESENTED BY LYCEUM PLAYERS

It has often been said that there is something fascinating about the turf, something holds one as though under a spell. This is well typified by the great racing play, "Wildfire," which is being presented this week at the Lyceum theater.

From the time that the curtain rises until the close of the last act there is not a dull moment and at times one can almost imagine that one is really in the great "horse duddy" racing stable. Instead of merely watching a performance. There is a delightful plot in it, well staged, there being convenient equipment and no time lost.

The other act of the double handed man, which is the same as the same. It is that of Romeo the Great, a trained chimpanzee, and, like the other, tends to prove a contented scientific doctrine, this time the famous Darwinian theory of the evolution of species.

Romeo does pretty nearly everything the ordinary man does, and a few things, such as doing tricks on a bicycle and roller skating, which most men do not. He also apparently takes an intelligent interest in the things around him, including the audience, and seems to laugh like a human being. Whether his brains are actually developed along the same lines as those of man or not, as claimed, it is certain that Romeo is a wonderful product of animal training.

There are five other acts on the Orpheum bill this week of another motion picture of the world's news, which was not given yesterday, although on the program.

Homer Myles and company present a playlet, the scene of which is the roof of an apartment building in New York city, entitled "On the Edge of Things." The janitor of the building is the hero and the little story, the scenery and the actors are worth going to see.

CONCERT ORCHESTRA AT THE EMPRESS IS VERY MUCH PRAISED

Great claims were made by the Empress theater management in sounding the praises of their concert orchestra, which had its first hearing yesterday at this beautiful theater, but as the great throngs were passing out of the doors yesterday there was heard from all sides a practically unanimous chorus, of highest praises and expressions of most delightful satisfaction that the Empress Concert Orchestra had made upon them with some of the sweetest and most charming music that has ever been heard played by local orchestras. It was magnificent, at times invincible.

To the Empress management is entitled the highest of praise for the bringing together of such artistic and expert talent and their turning out to its patrons as an added feature this music and treat. Not only was the excellent quality of these accomplished artists but the selection played showed high taste.

The pictures were up to the usual excellent class. "The Grip of Circumstances" is the feature. It is an Edna May film in two reels, and is a story dealing with a society "mystery" and there is that air of the mysterious which holds the audience throughout. The many exciting incidents work up to strong climaxes. The picture is well done and all in all it makes a most commendable picture.

Such a program as this should not be missed.

GIRL VICTIM HOTEL FIRE STILL ALIVE, ARM IS AMPUTATED

Whisper, May 12.—Stella Peterson, the twenty-three-year-old girl, who was badly injured in the hotel fire, is still alive, but her arm is still amputated. She is still in the hospital, and at a later date it will be necessary to amputate the left hand.

COULD NOT PUT HANDS ON WATER

Salt Rheum Began with Itching and Burning, Water Pimples. Cure Soap and Ointment Cured in Two Weeks.

"I have a brilliant, one—'I suffered with salt rheum for nine months. It began by itching and burning and my hands broke out in water pimples and I could not sleep, only scratch my hands and face, and when they would bleed, I would wash them with water. I could not put my hands in water at all."

"I tried—and—but I could not get any relief until I used Cuticura Soap and Ointment. I put the Cuticura ointment on my hands after washing them with Cuticura Soap and in two weeks they were perfectly cured." (Signed) Miss Bridget A. Brand, May 17, 1913.

FOR PIMPLES AND BLACKHEADS

The following is a most effective and economical treatment: Gently massage the affected parts with Cuticura Ointment, on the face and body, but do not rub. Wash the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for seven minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the pores and bath to assist in preventing inflammation, irritation and clogging of the follicles. Cuticura Soap and Ointment sold everywhere. For liberal free sample of each, with 32-p. book, send post-card to Peter Drug & Chemical Corp., Dept. D, Boston, U. S. A.

FREIGHT HALLER SUES FOR DAMAGES

Injured While Loading Car on C.P.R. at Tenth Street Depot.

COMPANY DENIES LIABILITY State that Plaintiff Accepted Settlement for \$40 and Discharge of Bills

Damages from the C.P.R. are being claimed by George Burnside Phillips, a former C.P.R. freight handler in the city for injuries received owing to the wheel of a gasoline engine falling on to his leg as he was loading a car on September 19, 1912. In the alternative he will sue for an award under the workmen's compensation act.

Phillips was employed at the C.P.R. freight station on Tenth street. Negligence against the company is alleged on several grounds. Plaintiff states that he was supplied with a truck the surface of which was much smaller than the fly wheel, that the wheels of the truck were clipped and that the fly wheel of the freight engine was in a rough condition.

Phillips' right leg was broken below the knee and an artery was severed. After spending seven weeks in hospital and a month at home convalescing, plaintiff returned to work and was employed at his old rate of pay, 25 cents per hour as freight clerk. He was afterwards put on to conduct cars through the city. He continued to perform these duties with difficulty until June 1, when he was discharged.

The company disputes the plaintiff's claim and states that the plaintiff agreed to release the company from further obligations on payment of \$40 and the discharge of doctor's and hospital bills.

To this the plaintiff's solicitor replies that if plaintiff made any such agreement he did it in ignorance. Mr. O'Connor appears for the plaintiff and H. H. Hyndman for the defendant company.

GREATLY TALKED OF DANCES TO BE SEEN AT BIJU THEATER

The tango, the hesitation waltz and the turkey trot, three of society's most popular and greatly talked of dances, will be danced by two of the smartest society dancers, Ross and Leduc, at the Biju theater commencing tomorrow afternoon and continuing for the balance of the week, afternoons and evenings.

During the forthcoming special classes will be held in the instruction of the tango and the other of these dances. No charge will be made to the patrons of the Biju for these lessons.

This added attraction is another scoop for the enterprising Biju management and is presented together with the regular dignified and selected program of pictures.

STRINGED BAND IN EAST END PARK ON THE COMING SUNDAY

That the city of Edmonton is strictly up-to-date in matters pertaining to music, as well as other things, is proved by the fact that Collins' Concert Orchestra, who delighted large audiences during the winter months, will play in East End Park next Sunday afternoon.

Mr. Collins, who will personally direct the concert, will play the best compositions obtainable and will be supported by an orchestra of picked musicians, which will include 12 first, 12 violins, 12 violas, cellos, clarinets, cornets, trombone, flute, oboes, bassoons, and instruments necessary to build up a first class orchestra.

The following is the program which will be rendered next Sunday afternoon:

March—Tunhuander..... Wagner
Overture—Orpheus..... Bizet
Vocal Solo—Selected.....
Descriptive Piece—Hunting Scene.....
Waltz—My Love.....
Ballad—The Home in the Valley.....
Cornet Solo—Leyland.....
Violin Solo—Leyland.....
Selection—Lucia de Lammermoor.....
March—Wine and Roses.....
The concert will begin at 2:45 p.m.

JUDGMENT ADVERSE IN SOME RESPECTS

Railway Commission's Decision Partially Examined by Board of Trade

COMMITTEE LOOKING OVER WHOLE FINDING Objections Taken to Certain Tariffs in Proposed Rate Schedule

Included in the report of the council of the Edmonton board of trade, read and approved of at this afternoon's meeting in the Empire auditorium, was a statement regarding the recent judgment by the dominion railway commission in the western freight rates case, which is self-explanatory and follows:

"The full judgment of the board of railway commission in the western freight rates case has been received and partially examined. It has been discovered that certain of the new tariffs ordered by the judgment to be put into effect are in many respects adverse to the interests of Edmonton, and the objections of this board of trade to certain features of the proposed rates have been placed on record, and adjustment asked for. The matter is still pending. The committee on transportation has been instructed to go carefully through the whole judgment and report on the whole of the proposed changes."

THIRTY MILLION ACRES IN LAND GRANTS GIVEN TO CANADIAN RAILWAYS

Ottawa, May 12.—Railway companies in Canada have received from the government since 1878 land grants to a total of 30,428,617 acres. This is shown by a return brought down in the house yesterday. The big years of land grants were from 1890 to 1904. Between July 31, 1900, and March 31, 1904, there was a total of land grants to railways of no less than 25,259,257 acres, or more than five-sixths of the total since 1878. The year 1900-1 was greatest of all, as land to a total of over six million acres were granted in that year alone. There were no land grants prior to 1882.

Dr. Elliott S. Rowe Dead.

Vancover, May 12.—Dr. Elliott S. Rowe, for many years well known physician in various Canadian cities, died yesterday following a long illness, from dropsy. He came to Victoria from the city of Seattle, where he was a Methodist minister, and when his term was out, retired from the ministry as a health officer. He was a native of Vancover and had invaluable work as head of the Progress club.

Hurled to Sudden Death.

Vancover, May 12.—While the passengers on the westbound express knapsack in the car, a passenger was hurled out of the C.P.R. bridge fell seventy feet into the Fraser river canyon on Saturday afternoon, carrying T. Chatter to his sudden death, and seriously injuring Pat Connor, crabsman. B. Finlay, another man on the car on which the derelict struck, jumped to safety as the apparatus hurled over the edge of the bridge.

Girl Killed By Roller.

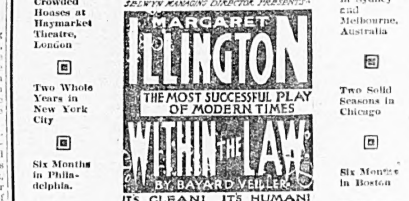

Saskatoon, May 12.—The ten-year-old daughter of Arthur Deming, a farmer in the Borden district, was killed on Friday when the team she was driving, which was pulling a roller, gave away the result that she was crushed to death.

EDMONTON NEEDS FARM SETTLERS NOT WAGE EARNERS

Board of Trade Secretary Says Conditions Practically Same as Last Year

SUPPLY OF HELP IS GREATER THAN DEMAND

Female Domestic Servants and Men to go on Land Only Classes Needed

F. T. Fisher, secretary of the board of trade, asked this morning as to what stand the board was taking on the unemployment problem, stated that he thought conditions were practically the same as last year, when a committee of the board of trade investigated them and made a report.

Mr. Fisher then related what has so often been said recently about getting people on the land, as against attracting wage earners or industries. However, he said that conditions are improving, in that this year more people have come to Alberta with a willingness, experience, more or less capital and a willingness and aptitude for agricultural work.

The report which the committee brought in last year, and which Mr. Fisher states covers conditions now obtaining, was, in part, as follows:

In accordance with the instructions of the last meeting of the board, the committee has looked carefully into conditions. Investigations showed that there are in the city a considerable number of men, comprising practically every occupation, trade, and calling, who are unable to obtain steady work. This is not found practicable to obtain data as to the exact number of men out of employment, but your committee is satisfied that the available supply of men for all classes of work is in excess of the demand. This applies particularly to those looking for clerical work and other inside positions, and to a lesser extent, to skilled workmen and laborers.

In the opinion of your committee there was danger that some consumers may suffer hardship during the summer.

WEAKNESS AND PALPITATION OF THE HEART.

When the heart begins to beat irregularly, palpitated and throbs, beats heavily, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people become weak, worn and miserable, and are unable to attend to either social, business or household duties. Milburn's Heart and Nerve Pills are a specific for all weakness and nerve disorders, and are recommended by us with the greatest of confidence that they will do what we claim for them.

Mrs. George Burridge, Coboonok, Ont., writes:—Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got no answer. I can now tell you like your pills did. I can recommend them highly to all with heart or nerve trouble.

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FOR MARRIED MEN ONLY.

When your razor is dull as a hoe, ask your wife if she wasn't paring her corns. Get her Putnam's Corn Ejector. It's the only painless and safe cure. All dealers sell "Putnam's" at 25c per bottle.

Next winter unless the present influx of people looking for employment is checked, and it is recommended as being in the best interests of both this city and of prospective immigrants, that the secretary should be instructed to advise all correspondents that the time being more people of any kind are required in the city for wages or salaries, with the single exception of female domestic servants; and that the only place in which farmers who will go on the vacant land and develop it, or men with capital who will engage in commercial or industrial enterprises for which the city offers opportunities, thus creating a demand for wage-earners.

The cause of the present unsatisfactory labor conditions, in the opinion of your committee, is not any shrinkage in Edmonton's business activities, all available statistics indicate expansion, and it is recommended that there has been an enormous influx of wage earning classes, of such magnitude that it is comparatively not practicable to provide all with satisfactory employment. A contributory factor is undoubtedly the widespread financial stringency, the "effects" of which are observable in Edmonton as elsewhere, and which has necessitated numerous extra labor advances being deferred, particularly in regard to building operations. While there is great activity in building operations in the city, operations aggregating a total of 70,000 inhabitants, operations are only about equal to those of last year, while the amount of labor available is greatly in excess of that in the city last season.

In the opinion of your committee there has been too much effort devoted to attracting population to the cities of Western Canada, and not enough to getting farmers on the land, the development of which governs the rate of safe expansion of the city.

AMENDMENT TO CANADA TEMPERANCE ACT MAKE SCOTT ACT APPLICABLE

By a proposed amendment to the Canada temperance act, notice of which has been given in the house of commons by Hon. C. DeLoery, minister of justice, Alberta and Saskatchewan are to be given the right to adopt the Scott act. The Scott act is a part of county prohibition, and is in force in various counties in the east. As there are no counties in Alberta or Saskatchewan it would be necessary to create temperance districts before the act could be applied here. It is regarded as likely that the act will be called into operation in this province for some time to come, as the temperance party is setting out to work for province-wide prohibition.

CALIFORNIA CITY SENDING DELEGATION STUDENTS TO CANADA

A communication from the head of the industrial department of the University of California, high school, has been received by the Edmonton board of trade regarding a proposed trip of a party of students from that institution through a portion of western Canada for educational purposes during the coming autumn. The board seems inclined to extend encouragement to this proposal, but before commencing host to any response, the co-operation of officials in educational circles here has been invited.

Two Alarms Killed

London, May 12.—An American and a mechanic named Carter, were fatally injured when two bi-planes collided in the air at Aldershot this morning.

The bi-planes were maneuvering over a crowd of 800 spectators when they suddenly dived into one another and crashed to the ground. Both machines were destroyed.

COKE TO BE NEEDED FOR NORTHERN ORES

Prophecies Great Industrial Possibilities for Alberta Because of "Black Diamonds"

N. M. Thornton, of the Mountain Fuel Industries, read a paper at the board of trade meeting in the Empire auditorium this afternoon, on "The Coal Fields of northern Alberta."

After speaking extensively with the license coal measures of the district, Mr. Thornton advocated the taking up by the city of the artificial gas scheme, in the event of the natural gas scheme now progressing, not coming out, or coming out at a late date.

"Gas, artificial or otherwise," he said "is necessary in all large cities, and the city of Edmonton is no exception. The city authorities do not favor and go ahead with an artificial gas scheme and utilize the bituminous coal from this field in the production of coal gas. A natural gas supply is, of course, prophesied for the city, but possibly it may be long in coming. In the event of an artificial gas scheme being adopted, a supply of natural gas being possible, the city would be in a position to put the costs of the scheme against the other. After all, it is not the city's business, which is expensive to install. It is the gas company's business. The fact of having an artificial gas installation for the city is not the city's business, but the subsequent substitution of a natural gas supply so far as rates to the consumer would be concerned. Then, there are the valuable by-products from an artificial gas plant to be taken into consideration—gas, oil, and a valuable fuel for domestic furnaces and portable engines, tar and ammonia. Liquor—oil of which are revenue-producing."

"Bituminous coal is unquestionably the best coal mined in this district for steam purposes. It has a value very much greater than that of any lignite and its non-sparking qualities make it a safe fuel for domestic heating and construction purposes. The fact that it is found in such quantities and in great future in northern Alberta, and it is not too optimistic to say that some day, perhaps, before very long, coal will be the only fuel for the city. It is not too optimistic to say that some day, perhaps, before very long, coal will be the only fuel for the city. It is not too optimistic to say that some day, perhaps, before very long, coal will be the only fuel for the city."

LOCKOUT IN LONDON BUILDING TRADES IS NOW STATED LIKELY

London, May 12.—There has been a serious development in the London building trades strike. The employers have issued an ultimatum that the men must set fire to their own tools within ten days or the terms recently rejected by the men on a vote of ten to one. A union leader will be named who is declared that this will involve half a million men.

SETS FIRE TO NIGHTGOWN; MAY LOSE HIS WIFE

Atlanta, May 12.—Clarettes and an Atlanta played important role in divorce suits in the Fulton courts.

Mrs. Clara Johnson, a beautiful, dark-haired woman, told the jury a remarkable story of her husband, Rev. S. Johnson.

She said that her husband one night asked for cigarettes and whisky, and when she had none to give him he set fire to a match and set fire to her nightgown, telling her he was going to burn her to death. She was given five minutes to get out.

MILITARY AVIATOR IS ONE OF CHIEF FACTORS IN VICTORY OF FRENCH

Per Morocco, May 12.—Tazza, a French Military aviator was one of the principal factors in Saturday victory of the French troops over the Moors at Taza, which gave the French command of the Eastern approaches to Fez.

The almanac flew back and forth over the Moorish Positions and directed the fire of the French Artillery. At the same time it dropped a number of bombs among the Moors who were demoralized and fled leaving many dead on the field.

Killed in a Collapse

Pittsburgh, May 12.—George Johnson was killed and five other persons were seriously injured when a basement New Kensington, Penna., collapsed in a storm snow after midnight. Fifty persons lived in the old building, but no others were hurt.

Accoutancy Students.

A meeting of the Chartered Accountants' Students' association will be held at the Alberta College, Wednesday evening at eight o'clock. Subject, Mathematics. 1913 Paper. A cordial invitation is extended to all accountants and students of accountancy.

other coal field in the world. In the building up of a colony, besides railway construction and the development of machinery and equipment, other costly works, such as village building and the providing of the houses and stores, must be carefully considered. The most important thing will be situated at high altitudes—far away from towns and, therefore, the accommodation and conveniences for the workers must be of the best.

COMMISSIONER SAUNDERS IS GOING TO RECOMMEND EDMONTON PAVING PLAN

(Continued)

At Jasper Avenue and 22nd street a petition has been presented to Commissioner Booth asking that the creation of the building on that lot be stopped until such time as the city is able to acquire the necessary 15 feet for widening of 22nd street.

A report is being brought down tonight asking that a by-law be brought down to determine the status of hired men, dismissing of employees of the city.

Commissioner Harrison has had a report prepared which is submitted to the city council tonight in answer to enquiries of Alderman May. The report states that this year the local yards are not under the parks department, but have been transferred to the city engineer and scavenger department. He states that in 1912 and 1913 the total amount expended for park purposes was \$40,264.77 allotted as follows:

Survey.....\$2,411.90
Trees and shrubs.....\$2,520.70
Athletic fields and playground.....\$1,566.05
Lawns, seeding and sodding.....\$4,900.25
Watermain, sewer and drainage.....\$7,724.84
Buildings, fences, wells and benches.....\$1,111.80
Bridging and grubbing.....\$7,252.07

On this sum, \$25,150.73 was spent in 1912 and \$24,114.04 in 1913. The report states that the city has a large number of circular letters before the last money bill election that the work on the parks should not have cost over \$10,000. According to the report of Commissioner Harrison, \$11,118.80 was spent for one branch of the which to a casual observer is not apparent.

A committee report is being submitted recommending that the city purchase a site approved by the department of justice at Ottawa in exchange for the present penitentiary site. The city is to reimburse the government for the present buildings, the government to give the city a 99 year lease with the right to renew. The city is to agree to always use the grounds for park purposes and the grounds for gymnastics, art gallery etc.

The Civic Cricket club is asking for a grant of \$150 for the purchase of a new cricket field. Geo. S. Hezler is sending a letter to the council protesting against the purchase of the site of the present site of his business at 628 Elizabeth street with a view to purchasing the site for a new cricket field. Mr. Latta has the premises under lease from the city.

At the same time, the city secretary to the city commissioners, has prepared a report for the franchise Joseph Heston for the operation of a hotel on First street, which is determined. There is a clause in the agreement stipulating that if the hotel is not in use for a certain time the city may cancel the franchise.

Stanley S. Gidley of Leduc, has written to the council requesting a free pedlar's license in view of the fact that he is a cripple and unable to work.

Considerable other business is on the agenda, which was laid over from previous meetings. The question of paving and salary increase with several by-laws will also come up at tonight's meeting.

ZAPATA REBELS FIGHT BATTLE

Admiral Howard Reports That Sixteen of Revolutionists Are Killed

CONTEST AT MAZATLAN STILL IS CONTINUING

Washington Gets News That Conditions in Mexico City Not Abnormal

London, May 12.—The British cruiser Bristol, now stationed at Portsmouth, was ordered today to proceed to Tampico, Mexico, to assist in the fight against the revolutionists.

The Bristol is a light cruiser of 1,800 tons. Her engines develop an indicated horse power of 24,000. She carries two six-inch guns, ten four-inch guns and four three-pound guns. She carries a complement of 276 men. Her speed is about 25 knots.

Washington, May 12.—Admiral Howard, commanding the American fleet off the west coast of Mexico, today reported a battle between Mexican revolutionists and Zapata revolutionists, twenty miles from Acapulco. Admiral Howard said that sixteen Zapata men were killed.

The fighting at Mazatlan continues, the report says. The revolutionists are One response to the request of the state department, through foreign dispatches, was received today. The message stated that the situation in Mexico City was not abnormal—that the people were not particularly alarmed over reports that the revolutionists might attack the city, and that there was no apparent weakening on the part of General Huerta.

RUNAWAY ACCIDENT ON McDUGALL HILL; STEAM ROLLER FRIGHTENS TEAM

Considerable excitement was caused and several lives were endangered when last night this morning, when a team attached to a steam roller which is at work on McDugall hill, was frightened by a runaway horse and ran away. The team was accompanied by a driver, who was accompanied by his wife. About half way down the hill the two occupants of the roller, a man and a woman, and the animals continued their mad career down the hill, to the danger of other teams at the foot of the hill, where there is a sharp turn, the wagon upset and the horses stopped. Mr. and Mrs. Snider, who were badly shaken up and received several bruises, were cared for in Dr. Fern's office.

PROVINCIAL POULTRY EXPERT TO LECTURE THURSDAY EVENING

A. W. Foley, provincial poultry superintendent, will deliver an address in the Separate school hall on Thursday evening at eight o'clock. The lecture is on "How to Grow Dollars in Your Back Yard." This is one of a series of lectures given under the auspices of the Alberta Poultry Association, and is accompanied by a musical program.

ADDITIONAL SPORT

NORTH EDMONTON BASEBALL TEAM DEFEAT NAMAYO

North Edmonton baseball team had a most enjoyable outing on Saturday evening, May 9, when they journeyed to Namayo and succeeded in winning their first game of the season.

There were four autos and an auto truck filled with players and fans (including one car of ladies) which no doubt had something to do with the splendid showing of the team (especially Murphy who pitched great ball).

Our general heavyweight, Tackey was greatly disappointed in not being able to crawl under the fence with the rest of the boys the bottom were being too close to the ground and so attempted to climb over being caught in the attempt but was rescued with only slight damage.

Lineup

North Edmonton—First, Dick Nelson; second, A. Briere; Third, J. Conner; shortstop, J. Peters; right field, Kirkman; center field, Tait; left field, Miller; catcher, D. Sheasiey; pitcher, W. Murphy.

Namayo—First, H. Clark; second, Lamoreaux; Third, W. Clark; shortstop, Conner; right field, W. Donnelly; center field, Hector; left field, McNamee; catcher, Jones; pitcher, Steve Murphy.

Why I recall the days when we played ball just like it ought to be.

The first mid day of spring work so some like it and stage the show. No gloves in them days—the hand that nature gave us—no grand stand. No hold-outs, contracts, legal wrangles. No magazine owned the old-time chapel."

Willa's Trophy Race.

Entries are being accepted for the Willa's Cup handicap race, and all intending to run are warned that entries close at 10 o'clock on Monday. The course will be the same as last year, starting in front of the Y.M.C.A. building, on the corner of 1st and 10th, and ending on the Boulevard to Namayo, north on Namayo to north-east corner of Namayo and Broadchurch, returning over the same course.

Fought a Draw

Montreal, May 12.—Johnny Lore and Kasper Hult were fought a draw last night with a draw referee Koonen's decision. Lore had the shade on Hult in five of the rounds, but Hult, of providence in a 10 round no-decision bout last night.

Bob Moha Wins

Montreal, May 12.—Bob Moha, of Montreal, of providence in a 10 round no-decision bout last night.

Lacrosse Practice Tonight

There will be a practice at the high school grounds tonight at 6:30 o'clock. A large turnout is desired as there is a probability of a game being arranged for Saturday. A meeting takes place immediately following the work out. Until further notice practices are held on Tuesday, Wednesday, Thursday and Saturday evenings.

Hits, Runs and Errors.

"Diamond Dust Shifted Through the Bat Bag"

Indianapolis, May 12.—(Federal) Indianapolis bunched hits when runs were needed, and won the second game of the series from Kansas City 4 to 2.

Buffalo, N.Y., May 12.—(Federal) Baltimore yesterday defeated Buffalo in the opening game of the new Federal league series. The game was a close one, with runs being scored by both teams.

Brooklyn, May 12.—(Federal) Federal league baseball was inaugurated in Brooklyn yesterday with a 2 to 0 shut out by Pittsburgh over the locals.

The crowd that turned out in weather ideal for playing filled the stands erected in Washington, D.C., for the former home of the Brooklyn Nationals. President James A. Gilmore and other Federal league officials attended.

Boston, May 12.—(American) New York made it one even break in the series with Boston by winning 6 to 2. The three batters by whom Boston was defeated were by Yorkes and Mabel and Zellers who were both out in the first inning.

New York, May 12.—(National) New York made three straight from Boston here yesterday, winning the series by a score of 8 to 6. Both Perdue and Fromme were driven into the box in the first inning, and scored by Boston in the sixth and seventh games after New York slipped up on a close call in the first.

Cleveland, May 12.—(American) Philadelphia took the last game of the series with Washington yesterday easily by a score of 4 to 4. Each team scored three runs, Philadelphia combined hits with poor fielding of the locals for scores in the fourth, fifth and eighth innings. The Washington team had three hits off the three Philadelphia pitchers, but Pennock and Brown were yesterday.

Philadelphia, May 12.—(National) In the quietest played game of the season here, Philadelphia defeated Brooklyn yesterday 2 to 1. The home team won in the third inning on a home run by W. L. Wright, who was hit by a line drive from Alexander. Wines and Lobley. Pfeffer took Ruck-

ESKIMOS TAKE AERIAL FLIGHT; BRONKS CAPTURE FIRST GAME

Terrible Fielding by O'Brien and Redmond, Aided by Willness of Russell, Allow Bronks to Score Six Runs in Eighth Inning—Eskimos had Game Cinched with Three Run Lead in Sixth, but the Baloon Went up and Stayed There—Score was 8-5.

After having a comfortable lead of three runs in the sixth, the score being five to two, the Eskimos yesterday took a balloon ascension to score the six runs in the eighth, and win the game 8 to 5. But two hits were made to score the six runs in the eighth, and numerous being responsible for the slaughter. O'Brien, Redmond and Porter featured in the error column and Porter was credited with one. And the balloon never did come down and 2,000 fans saw the Eskimos from behind and take the game from within easy grasp of the Eskimos. "Was the same old story told so often of late. Win the game and put it on for only to let her go with a crash that echoes and re-echoes through the brain of every fan.

Russell started out for the Eskimos and got along nicely for seven innings, until the errors began piling around him so thick and fast that he too, joined in the muffled and dropping of the ball. He tossed four passes and struck out but two and was relieved in the middle of the sixth by Dickenson, who took ticked control. Frink, the Calgary hurler, fanned six and walked three, and after the eighth inning slaughter, turned up a double. The Eskimos were never after dangerous. To O'Brien goes all high honors for spectacular errors at the very moment when they are not wanted. He came through with three costly ones yesterday. Redmond also let slip a couple of easy ones. Russell added a costly one to the collection and Porter hit one in his crowd. Up to the eighth inning, some nice baseball was exhibited. Plenty of hitting, good fielding and fair pitching, but when the balloon went up—good night.

RED SOX AND HATTERS PLAY TIE GAME 5-5

2,500 Fans See Opening Game at Regina—Medicine Hat in Lead Once.

Regina, May 12.—Regina opened the baseball season before a crowd of over 2,500 last evening, but was unable to break the tie on the round with Medicine Hat, the game going 10 innings to a score of 5 to 5. The Red Sox played a great uphill battle, Medicine Hat started with four runs in the first on two singles, two triples which Smith singled, a wild pitch and an error. Regina slowly pulled this lead down and finally went ahead in the seventh, but the Hatters succeeded in tying it up again in their last chance. Hickey was touched up hard but was given good support.

From local view point the timely hitting of Manager Stis was the feature. Back Smith also redeemed the error of judgment in the first inning by starting two batting rallies.

Medicine Hat: 400 000 001 0-5 10 0
Regina: 000 002 010 0-5 10 0
Hickey, Dunn and Ellis; Butteroff and Sinnott, Ruth.

CITY BASEBALL LEAGUE WILL OPEN THURSDAY

The Red Sox and Wholeners will stage the opening game in the city baseball league at Diamond park on Thursday evening at 6:15. The second game of the season here yesterday, the Eskimos hit by Friday between the Eskimos and the Olympics at Diamond Park at 6:15. The intermediate section of the league opens on Thursday.

K. C. Baseball Practice
The K. C. baseball team will hold a practice this evening at 6:30 at the East End City park. All players are requested to be there on time.

hit for two hits to Povey and Dickenson had replaced Russell but walked the next up, Croft. Thompson singled to Porter and Ryan hit to Russell, but Croft was nabbed at third. In the meantime six runs had come across and as far as the Eskimos were concerned, the game was over and lost. There was nothing doing in the ninth, as the Eskimos went out one, two, three.

It was a hard game to lose, after having an apparently safe lead, but the same thing has happened in several games of late and now anything may be expected. It was stated last night that a new short stop is expected to join the squad soon. There needs to be a shakier up somewhere, for a few more games as last night's affair and the present 2,000 crowd will decrease very materially. Bronks are here today and tomorrow and the Eskimos go to Calgary for the week end. The box score:

QUAKERS GET BUMPED 4 TO 1

Robin Hoods Trim League Leaders in Opening Game at Moose Jaw.

Moose Jaw, May 12.—The Robin Hoods made their initial home appearance of the season here yesterday, sending a record crowd home delighted with the result of the game, which was 4-1 in favor of Moose Jaw. The Quakers had Northrup on the firing line against his old ball, while Wood depended on Harrah to tug for the locals. Harrah pitched good ball all the way and was great with men on base. He also showed his all-around support in the pinches, the locals pulling off three nice double plays which cut off likely Quaker rallies.

Northrup pitched fair ball, but he received poor support at critical times. Eight hits were garnered off his delivery, but two errors by the Quakers were costly.

The Quakers opened the scoring in the first, when Hurley hit out a three bag drive to right center. He scored when Seaton dropped Chick's long end of the game the visitors were unable to get a man past second.

The decisions of Empire Becker were well received, not a kick being registered throughout the game.

S. O. S. and C. P. R. Draw
In a senior soccer game last evening on the old exhibition grounds at Scotland and C. P. R. played a scoreless draw. Tom Foster was referee and the following players made the teams:

Sons of Scotland—Smith, goal; Harrison and Anderson, backs; Leitch, Martin and McPhee, half backs; Brydon, Guthrie, Conlin, Kyle and McNeil, forwards.
C. P. R.—M. Kurton, goal; Baldwin and W. Pratt, backs; J. Finch, H. Masson and J. Butler, half backs; G. Leale, Porter Black, J. Burrie and G. E. Kilton, forwards.

Hudson's Bay vs. Radials
A senior soccer match between Hudson's Bay team and the Radials was played at the old exhibition grounds on Wednesday evening at 6:45. The following Radial players are requested to be on the grounds not later than 6:30: Baxter, Baker, Whitehead, McCafferty, Lamb, Forest, Hornsby, Cooper, Adams, Sault and Willie. Referee: Fawcett, Emmerson, Glavin and Kasper.

EDMONTON SPRING RACE MEET DAYS MAY 23, 25, 26TH

Beautiful Horses and Fast, now Stabled at Exhibition Grounds for Races

Thirteen has no superstitious terror for "Dad" Leavitt. He says he is married on the 13th and leaves his audience to guess the rest. Apparently it turned out all right, for when stabling his string at the Exhibition grounds he chose stall No. 13 for Jangle, his favorite mare.

Jangle is a little beauty, bay in color, with black points, like, compact, every line and curve of her body suggesting speed and endurance. Thirteen is the best Jangle's trouble also, for she rests contentedly in her loose box between "working out" periods.

In training with Jangle is her full sister, Esther, who will come out at the Edmonton race meet.

Dad Leavitt has a third horse in training. Joe Miller, who according to "Dad" has not been in company yet, debut, but will "come out" as the Edmonton race meet.

Alberta race enthusiasts have kindly remembrance of that faithful horse Leland Onward, whose performance on the race track was famous from the Great Lakes to the Rockies. Leland Onward has gone to the Happy Hunting Ground, but stabled with the string of J. W. Clark is Leland Onward Jr., the pride and hope of the owner, who gets an extra lot from his master when mention is made of his sire, Leland Onward.

Leland Onward Jr. and Joe Padden are green horses, who did fail in time to break records of their sire and namesakes. Leland Onward who left a record of 2:04 1-2 and Old Joe Padden whose mark is 2:01.

Grey Ghost, owned by Dr. Craig, won all the races entered in last week. Stred by Hal B. Jr., whose record is 2:01 1-2 and Grey Ghost has a record of 2:01 1-2, which he promises to break this season.

There is a musical ring about the name of "Mary Manners" which will make a favorite wherever it is heard. Her appearance will go to strengthen this good impression, for Mary Manners has a very taking way with her, she has already run away with a record of 2:15 1-4. Mary Manners completes the string of J. W. Clark, the well known Edmonton horseman.

To see Lakeside Hal, P. O. Dwyer's pacer, once, is to know him forever. Dark chestnut in color, Lakeside Hal has a peculiar white marking on his face which is almost haunting. Lakeside Hal is one of the best bred horses living, and has a record of 2:10.

S. O. S. and C. P. R. Draw
In a senior soccer game last evening on the old exhibition grounds at Scotland and C. P. R. played a scoreless draw. Tom Foster was referee and the following players made the teams:

Sons of Scotland—Smith, goal; Harrison and Anderson, backs; Leitch, Martin and McPhee, half backs; Brydon, Guthrie, Conlin, Kyle and McNeil, forwards.
C. P. R.—M. Kurton, goal; Baldwin and W. Pratt, backs; J. Finch, H. Masson and J. Butler, half backs; G. Leale, Porter Black, J. Burrie and G. E. Kilton, forwards.

News of the Markets

Winnipeg Cattle

Winnipeg, May 12.—There was a fair
demand for all grades of cattle
yesterday and supplies
were about as equal to requirements.
Supplies of stockers and feeders are
light and meet with a ready sale. Mil-
kers are in good demand locally.
Choice steers are 725 to 750. Choice
heifers 600 to 625. Feeders and stock-
ers 500 to 600. Hogs 4 to 6.
Hog market continues weak, supplies
being heavier than the local demand
and it was claimed 1100 were held
over unsold.

Quotations for choice hogs were 750
to 775. And tone weak.
Quotations all unchanged.
Receipts for three days ending Mon-
day were:
Hog 900 and cattle 1,324 hogs.
C. N. R. yards 12 cattle, 1,197 hogs
and 255 sheep.

son 200 at 42 3-4.

Chicago Grain

Chicago, May 12.—Rapidly depleting
stocks, both foreign and domestic,
gave the wheat market a strong
impetus in the wheat. The market
closed strong at an advance of 3-4
to 5-8 for the wheat. Wheat prices jumped
the highest in the history of the
market, showing that the visible supply
in the U. S. had fallen off more than
5,000,000 bushels since the last of
March. A lone way under the total
corresponding time a year ago. The
huge decrease for the wheat market
resulted from the fact that
Liverpool despatched the word of the
serious depletion of the stores on hand
there and of continental buying of all
cargoes in sight.
Hudson's Bay did damage, reports
from shipping points of Missouri and
Illinois constituted one of the principal
reasons why short sellers, who at one
time captured control of the wheat
market, were forced to cover. Besides,
there was complaint of too much move-
ment in some states.

Data, following corn, was rather un-
settled, notwithstanding the purchase
of the United States from Port William,
the first cargo from Canada to Chi-
cago this season, and the second to come
from that lake.
Chicago Cattle
Chicago, May 12.—Receipts 10,500,
market steady. Hides 725 to 735.
Stockers and feeders 710 to 815. Stock-
ers and feeders 710 to 815. Calves 700 to
1,000.
Hogs receipts 25,000, market lower.
Hides 625 to 845. Hogs 815 to 845.
Heavy 725 to 837. Light 705 to 813.
Pork 720 to 845. Bulk of sales 835 to
840.
Sheep receipts 15,000, market higher.
Native 525 to 600; Yearlings 545 to 719.
Lamb's market 600 to 800.

New York Stocks

New York, May 12.—Strength pre-
vailed in all parts of the stock market
yesterday. Trading was quiet, but
buying continued steadily and most of
the representative issues registered
substantial gains. The exchange was
closed until 11 o'clock on account of
the services here in memory of
Cruz.

The speculative situation was un-
changed. There was not one item in
the day's news with important bearing
on financial affairs, with the exception
of the engagement of 10,000,000 gold
for shipment to Europe. At another
time the loss of this gold might have
affected the market adversely, but
with circumstances as they are it was
without influence owing to the abun-
dant of money here and the slow de-
cline in the dollar. The dollar rose to 85.15,
the highest since December, 1909.
European advances were possible, and
American stocks were lower.
London, May 12.—The chief feature
in the financial district yesterday was
the fall of three farthings on ounce of
gold. The price of bar gold to 75 1-8 d. It
was expected that the bank of England
will secure the 10,000,000 of South
Africa and which will arrive tomorrow.
Bill rates were firm, the three
months rate being 2-7-8. Call money
was in demand but not plentiful at
2-1-4 downwards.
The stock markets were irregular
but slightly firmer on professional re-
ports of the general trading was
narrow. Paris again was sporadic on
reports of failures in Antwerp, Canada
cattle were sold to meet losses else-
where closed at 74-7-8. The new
series were earlier, while the discount
of Canada was quiet 1-1-2 premium, the
British Columbia scrip at 1-2 discount
and the city of Montreal was at 1-4
discount. Home calls and Americans
were both healthier but Mexican rails
fell 1 to 1 1/2 points on the apparently
serious news from Tampico. Sub-
sequent decline. Spanish bonds were
uneventful owing to an impending issue
of 500,000,000 of treasury bonds for
\$20,000,000 to cover the budget deficit.
Mines continued narrowly and
prices were mixed. Cobalt were dull
Canadian Pacific dropped early and
fell 1-1/2 to 1-3/4 but rallied to 165 5-8
on repurchase by J. P. Morgan.
Trunks dipped but rallied, the traffic
decreases for the past week coinciding
with the forecast. Grand Trunk
Pacific debentures fell and Tonic
Routa bonds two points. South Ameri-
can traction were weak in spots and
fell 1 to 3 points. Canada cars broke
three points, but Canada cements were
firmer. Cobalt stocks were dull.
The change for first tomorrow
carry over are expected to be the same
as at last settlement.

FINED \$25 FOR HOLDING UP C. P. PASSENGER TRAIN

South Edmonton Blacksmith Who Did Not Get Out of Way Has to Pay

JUDGE SURPRISED PEOPLE USE TRACKS

"Almost a Tragedy" Says Crown Prosecutor; Emergency Breaks Applied

"It is amazing to me that people use the right of way of the railways for walking in this city and also that people seem to have so little regard for the convenience of the railway company in the operation of their trains," said Judge Crawford in the District Court today.

A charge of holding up a Canadian Pacific Railway passenger train by wilfully omitting to get out of the right of way, was preferred against Mathew J. Lockhart, blacksmith. The prosecution was brought under Section 518 of the Criminal Code. Lockhart was found guilty and fined \$25 and costs. "Persecution, not prosecution," was the manner in which A. L. Marks, solicitor for the accused, styled the charge. He urged that this was a case of the company taking an unjustifiable way of protecting their rights. All that the man could be charged with was trespass, he said, and there was no warrant for bringing a charge under the criminal code.

A Near Tragedy. "There might have been a tragedy, and instead of a trial we might have been holding an inquest," said E. B. Gogwell, crown prosecutor, who took a very different view of the matter.

The offense with which Lockhart was charged took place on April 18th. A train No. 523 from Calgary to Edmonton was rounding the bend after leaving the Strathcona station for Edmonton. Lockhart was observed by the engineer walking along the track. Engineer Fred Allart said that he blew the whistle after leaving the station and also as soon as he saw the man on the track. The man did not get off the track until the train was close upon him and the emergency brakes had to be applied. George Simpson, fireman, said that the whistle was blown altogether three times and the bell was kept ringing. Lockhart, although he looked over his shoulder in the direction from which the train was approaching, continued to walk on the track, until he got off to knock at the door of a house standing by the track, a man named Herman Lindstrom saw the whole thing from his garden, said he thought Lockhart was in danger and ran to see what would happen.

Lockhart on the other hand stated that he never thought himself in danger. He heard the train whistle and walked around. When he saw the train approaching he got the track and looked by the side. He was proceeding to the house of Henry Marsh, which stood by the track. As the train came he again mounted the track in order to get to the sidewalk, but the train did not seem to any near him until the first time he looked around. He denied that he was just seeing how close he could get.

Judge Crawford said he was satisfied that the accused was just stubborn and had made up his mind that he would not get off the track until he felt like it.

TOO LATE FOR CLARIFICATION.

\$270—ELEGANT EDMONTON BUSINESS PLAN. Handmade, new, guaranteed for lifetime. Will sell for \$270 weekly. See J. A. J.
